*J'ai long-temps habité sous de vastes portiques Que les so  
Et que leur grands piliers, droits et majestueux, Rendait pareils,  
Les houles, en roulant, les images des cieux, Mêlaient  
et mystique Les tout-puissants accords  
musique Aux couleurs du couchant, reflète par mes yeux.  
les volutes calmes Au milieu de l'air, des vagues, des  
esclaves nus, tout imprégnés d'odeurs, Qui me rafraîchissaient le  
l'unique son, et fit d'ap profondir Le secret douloureux*
